---

I am sending this letter in support for Mr. Roland Maw to be the commissioner of fish and game. I have had the pleasure knowing Mr. Maw for 15 years now , he has impressed me on his knowledge of the wildlife and fish of the state of alaska,We've had countless conversation on Hunting and Fishing trips , his views on conserving game and fish are in my opinion the best. Mr Maw Is a man of his word,truthful , and fair. In the salmon wars of Cook Inlet I know he will work with all user groups, with his science background the Fish and Game will be first.Thank you for this opportunity: Steve Tvenstrup
