JOINT BOARDS OF FISHERIES AND GAME

The Joint Boards of Fisheries and Game recognizes that it will not be possible in the normal course for the amendments to 5 AAC 99.010(b), adopted on October 28, 1990, to be in effect in time to be used by the individual boards at the upcoming annual cycle of meetings.

The Joint Boards of Fisheries and Game also recognizes that the amendments were adopted for the purpose of deleting those criteria or provisions that were invalidated by the State Supreme Court's decision in McDowell v. State, 785 P.2d1 (Alaska 1989), and did not alter the criteria in substance.

The Joint Boards of Fisheries and Game, therefore, directs that the Board of Game and the Board of Fisheries employ the amended criteria when implementing 5 AAC 99.010(b).

The Joint Boards of Fisheries and Game requests the Department of Fish and Game and the Department of Law to expedite filing of these regulations.
