

PROPOSAL 105 – 5 AAC 85.045. Hunting seasons and bag limits for moose. Eliminate the antlerless moose hunt in Unit 13 as follows:

[R] [13] [ONE ANTLERLESS MOOSE BY PERMIT. HOWEVER, NO PERSON MAY TAKE A CALF OR COW ACCOMPANIED BY A CALF] [DM325] [OCT.1–OCT.31] [MAR.1–MAR.31]

What is the issue you would like the board to address and why? End DM325. Do not remove ten cow moose from a herd being managed by antler restrictions. There is no biology supporting this hunt
