

PROPOSAL 110 – 5 AAC 85.040. Hunting seasons and bag limits for goat. Change the drawing permit hunt for goat in Unit 13D to a registration hunt as follows:

Unit 13D remainder: One goat by registration permit.....August 10 – November 30

What is the issue you would like the board to address and why? Eliminate the Unit 13D remainder drawing hunt for goat and make it a registration hunt. This area is a walk-in only area hunt. A registration hunt will allow people who really want to go into this area and know what they are getting into to be able to get a tag and hunt the area. Some folks are drawing the tag and not using it once they find out how hard and area it is to get in to.

PROPOSED BY: Copper Basin Fish and Game Advisory Committee (EG-F17-037)
