

PROPOSAL 45 – 5 AAC 92.171. Sealing of horns and antlers. Require antlers be sealed for all antler restricted hunts as follows:

All moose hunters in areas where there are antler restrictions must have horns sealed and measured by ADF&G or authorized representative within (x) days of harvest.

What is the issue you would like the board to address and why? Regulations imposed on the Kenai Peninsula for sealing of moose horns has led to the realization that many moose taken under the existing antler size restrictions are sublegal. There is no reason to believe that the incidence of sublegal moose is any less in other parts of the state with similar antler restrictions. Regulations should be uniform within the state.
