

**PROPOSAL 93 – 5 AAC 85.025. Hunting seasons and bag limits for caribou; and 92.072. Community subsistence harvest hunt area and permit conditions.** Eliminate the community subsistence harvest hunt for caribou in Unit 13 as follows:

Eliminate the community subsistence harvest caribou hunt in Unit 13.

**What is the issue you would like the board to address and why?** Eliminate the community subsistence harvest caribou hunt in Unit 13. This hunt offers one main advantage over the (other) Tier I caribou hunt in the unit, open designated hunting opportunity amongst group members. If the Unit 13-specific proxy regulations were eliminated, the vast majority of Unit 13 caribou permittees would be able to meet their needs under the existing Tier I caribou hunt in the unit.
